## Give Your Child the Best of Both Worlds

# Welcome to ISKCON's Residential School

Welcome to Bhaktivedanta Gurukula and International School (BGIS)—where world-class education meets timeless wisdom. Founded in 1976 in Vrindavan by His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada, BGIS was envisioned as a place to nurture leaders with strong character, sharp intellect, and compassionate hearts.

Affiliated with the ICSE / ISC Board, BGIS is consistently ranked among the top boarding schools in India, recognized for academic excellence and holistic development.

At BGIS, students experience the best of both worlds: Modern academics, technology, and global exposure. Spiritual grounding, Indian values, discipline, and service

Set within a serene, nature-rich campus, our world-class facilities support learning, sports, creativity, and innovation—while the Gurukul environment instills humility, responsibility, and inner strength. We prepare our students not just for careers, but for life—to become confident professionals, thinkers, leaders, and change-makers who succeed in the world without losing their values. BGIS is where tradition empowers excellence and education shapes character.

# Parents Share Their Positive Experiences with BGIS

Samvit Mishra

Parent

Bhaktivedanta Gurukula is a wonderful school located right next to ISKCON Temple Vrindavan. It follows the ICSE curriculum and is a fully residential school managed by the Bhaktivedanta Trust. Some faculty members are IITians, ensuring academic excellence. From the next academic session, the school will shift to a newly constructed, expansive campus a few kilometers away. The school beautifully blends modern education—science and mathematics—with Vedic teachings, nurturing students into strong, value-driven individuals, which is the true need of today's society."
